Indique dans le cadre le nombre de cubes.

A rounded rectangular frame containing base ten blocks. The top row consists of seven 100-cubes (each a 10x10 grid). Below this are two rows of ten 10-cubes (each a 1x10 grid). The bottom row contains seven 1-cubes (each a 1x1 square). An arrow points from the right side of the frame to a rounded rectangular box containing a dotted line for an answer.

A rounded rectangular frame containing base ten blocks. The top row consists of two 100-cubes (each a 10x10 grid). Below this are two rows of ten 10-cubes (each a 1x10 grid). The bottom row contains four 1-cubes (each a 1x1 square). An arrow points from the right side of the frame to a rounded rectangular box containing a dotted line for an answer.

A rounded rectangular frame containing base ten blocks. The top row consists of four 100-cubes (each a 10x10 grid). Below this are two rows of ten 10-cubes (each a 1x10 grid). The bottom row contains three 1-cubes (each a 1x1 square). An arrow points from the right side of the frame to a rounded rectangular box containing a dotted line for an answer.
